PROFILE

MSc Business Analytics candidate at Trinity College Dublin, ACCA part-qualified (8 modules), combining financial control delivery (EUR 2.56M annual savings at H World Group) with fund operations and NAV audit exposure at Minsheng Securities. Advanced Excel, Python, SQL and Power BI.

EDUCATION

Trinity College Dublin

Dublin, Ireland

MSc Business Analytics

09/2025 to 09/2026

- **Relevant Courses:** Business Data Mining, Data Management & Visualization, ESG Analytics

Zhongnan University of Economics and Law

Wuhan, China

B.A. (Hons) in Economics

09/2021 to 06/2025

- **Cumulative GPA:** 3.80/4.0 (Top 2% of cohort)
- **Honors:** 2nd Class University Scholarship 21/22, 3rd Class University Scholarship 22/23

PROFESSIONAL EXPERIENCE

Poizon APP

Shanghai, China

Merchant Operations Intern

04/2025 to 06/2025

- **Pricing Control:** Reduced overpricing exposure across 120+ merchants, lowering KAPPA's high-price ratio to 5% and departmental exposure to 8%, by implementing a dual-dimensional market valuation risk model aligning internal benchmarks with external data.
- **Risk Assessment:** Improved merchant portfolio stability by raising first-month approval rate to 75% and retention to 65%, through a 90-day operational risk evaluation framework integrating sell-through performance and price volatility indicators.
- **Exposure Analysis:** Achieved a 45% QoQ GMV increase for KAPPA by authoring a risk-focused diagnostic report that identified concentration and pricing risks, leading to a strategic reallocation of platform resources.
- **Resilience Strategy:** Drove a 30% MoM growth among college users and 12% overall uplift by identifying penetration risk in key demographics and executing the Campus Seeding mitigation plan to diversify market exposure.

H World Group Limited

Shanghai, China

Strategic Investment Intern

02/2025 to 04/2025

- **Performance Analysis:** Strengthened early risk detection and transparency across 500+ hotels by building real-time financial dashboards and introducing a percentile-based traffic-light alert system for high-risk assets.
- **Financial Control:** Delivered a financial turnaround, saving EUR 2.56M annually and making 9 loss-making hotels EBITDA positive, through targeted rent-reduction negotiations and capital exposure reclassification.
- **Business Strategy:** Reduced third-party platform dependency and improved operating margin by 15%, by designing a direct-booking and franchise conversion roadmap prioritised through EBITDA risk-adjusted metrics.

SWS Research

Shanghai, China

Industry Research Intern

06/2024 to 10/2024

- **Policy Research:** Evaluated the risk resilience of SME banks by co-authoring SME Bank Reform Strategies, constructing a four-dimensional capital adequacy and governance model.
- **Credit Diagnostics:** Built a replicable diagnostic tool to assess SME bank credit exposure and governance structures, enhancing comparative regulatory analysis.
- **Financial Analysis:** Delivered 3 independent risk research reports and 6 commentaries analysing asset quality and capital structure under policy-driven stress scenarios.
- **Data Integrity:** Improved model accuracy through systematic data validation and integration of Wind database outputs into financial risk simulations.

Minsheng Securities

Shanghai, China

Investment Operation Intern

07/2023 to 08/2023

- **Risk Metrics:** Enhanced portfolio transparency by auditing FOF daily NAVs and calculating Sharpe ratios and drawdowns using R, forming the basis for weekly and monthly performance reports.
- **Financial Reporting:** Strengthened product governance by reviewing 137 asset management products for AML and suitability compliance, ensuring timely disclosure of 112 regulatory filings and 172 restriction manuals.
- **Operational Oversight:** Streamlined product lifecycle management by coordinating with custodians, updating registry data, and standardising risk disclosure documentation for internal controls.

SKILLS & CERTIFICATIONS

- **Technical Skills:** Python, SQL, R, Power BI, Excel (Advanced), Stata
- **Analytical Focus:** Financial Modelling, Budget Forecasting, Variance Analysis
- **Languages:** English (IELTS 7.0), Mandarin (C2), Cantonese (C1)
- **Certifications:** ACCA (8 modules completed)
